HARDEE COUNTY ROAD AND BRIDGE DEPARTMENT

The Road and Bridge Department will be performing road, bridge and drainage improvements. The following projects are planned for improvements in the current fiscal year 2017/2018. For more information, contact: Road and Bridge Department, tel. 863-773-3272.

1. MURPHY ROAD (CR 661) – BRIDGE #64105 REPLACEMENT:

The project consists of replacing one lane timber bridge, approximately 74 linear feet, with multiple pipes. A roadway, with two lanes, will be constructed over the pipes. The roadway will be closed to through traffic during construction and traffic rerouted. A flyer with detour routes is attached.

Start Date: February 5, 2018.

Completion Date: June 14, 2018

2. PARNELL ROAD - BRIDGE #64034 REPLACEMENT: *TO BE SCHEDULED*

The project consists of replacing one lane timber bridge, approximately 84 linear feet, with multiple aluminum box culverts. A roadway, with two lanes, will be constructed over the culverts. The roadway will be closed to through traffic during construction and traffic rerouted. A flyer with detour routes is attached.

Start Date: April 2, 2018

Completion Date: June 28, 2018

3. SURFACING OF UNPAVED ROADS:

The following roads are presently open to traffic. The roads will be closed when the work starts for re-grading and chip sealing. During the construction period motorists are advised to use other routes.

- John Gill Road surfacing, from SR 62 to Ollie Roberts Road. - - **COMPLETE.**
- Theatre Road, from SR 62 to Bostick Road. - - **COMPLETE.**
- Ralph Johns Road, from SR 64 to Dansby Road - - - **COMPLETE.**

- Bailey Rd S (SR 64 to SR66)
- Bridges Rd (CR 663 to Murphy Rd)
- Simms Rd (SR 17 SB to US17 NB)

4. OTHER:

- **CR 665, 13.8 miles, from CR 663 to SR 64:**

The funding for the road widening and resurfacing was recently approved by the FDOT under the SCOP and SCRAP programs (FPN #435062-1-54-01/ FPN #435062-1-54-02). The County hired an engineering consultant to design, prepare the construction plans and obtain permits for the project. Design work is completed and bid opening scheduled for July 18, 2018.

- **Doc Coil Road, from US 17 to Dixiana Drive, Bowling Green:**

The road resurfacing project was delayed due to drainage improvement and sidewalk construction by the FDOT and City of Bowling Green, which is currently on-going.

- **Will Duke Road, From Martin L. King, Jr. Avenue. To US 17 NB:**

The road resurfacing project was delayed due to a water main construction by the IDA.

- **George Marsh Road, from Crewsville Road to Sweetwater Road:**

This road is open to local traffic.

- **Jack Jones Road – Bridge #64113 Replacement:**

This road is currently closed to through traffic due to damaged bridge from Hurricane Irma. County has requested FEMA funding approval.

- **Drainage Pipes Replacement:**

The following roads are currently open to through traffic. Respective road will be closed when the work starts for drainage pipes replacement. During the construction period motorists are advised to use other routes. The works are located: **Baptist Church Road, Prines Road, Pool Road, Hanchey Road and South Hammock Road.**
