Although no Certificate of Occupancy has been issued yet by the Hardee County Building Department (HCBD) for the above referenced facility, we request that the HCBD authorize the appropriate utility company to turn on the electricity for the facility.

Our sole reason for asking the HCBD to cause the electricity to be turned on is to enable us to determine whether equipment and systems at the facility, which cannot function without electricity, are in working order. We agree that the facility **will not be occupied** until a Certificate of Occupancy has been issued by the HCBD.

We understand and agree that if the HCBD should hereafter find that the facility has been occupied, before a Certificate of Occupancy has been issued, the HCBD has a unilateral right to direct that the electricity be turned off without notice. Furthermore, we understand and agree to expressly assume all risk of injury and damage to all persons, including ourselves, and all property, without regard to ownership, which may result from the HCBD authorizing the appropriate utility company to turn on the electricity for the facility or from exercising the right to direct that the electricity be turned off as set forth herein. We agree that the HCBD will not be responsible for any such damages or costs.

In further consideration therefore, we agree to jointly or individually fully indemnify and hold harmless the HCBD for any claim, judgment, settlement or award, and for all costs and attorney’s fees regarding any claims by third parties that have been damaged by the authorization and commencement of electrical service by the appropriate utility company to the facility or the exercising by the HCBD of its right to have the electricity turned off as set forth herein.
