

HARDEE COUNTY EMERGENCY MANAGEMENT

Shelter List

EMERGENCY PUBLIC SHELTERS

Not all public shelters are automatically activated for each emergency. They are opened as needed and are not pre-assigned by geographic area. During an emergency please monitor Hardee County Emergency Management's website www.hardeecounty.net/eoc.htm, local television and radio stations for open shelter information. Have your **72-hour disaster kit** ready to take with you. Weapons and alcoholic beverages are not allowed at any public shelter.

PET FRIENDLY SHELTER

Hardee County does not currently have a pet friendly shelter. We are working diligently to find a location suitable for this. We recommend that you contact your veterinarian or groomer for possible boarding locations. Many hotels allow pets for an additional fee. Please check with them on their policies.
